

A large brown Texas Longhorn cow with long, curved horns stands in a grassy field. The cow has a white patch on its forehead and is looking towards the camera. The background shows a line of trees and a clear blue sky with some clouds.

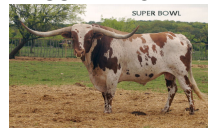

RED ROSE is a beautiful Red cow with a white heart on her forehead. Her Dam is MF BLUE'S STRAWBERRY and M.C. SUPER REX her Sire, out of the Red McCombs herd. I purchased Strawberry at Red McCombs sale on May 3rd 2008. Read about that on Longhorns tab, cows 6 to 10 yrs.old.
