

Dear Mr. & Mrs. Newton

Sophie is growing and showing well. I took her to the Autobahn show but she did not place very high. I am taking her to the Abilene show soon and showing in the Open Haltered show. I'm sorry all of this is late. My mind has been elsewhere with college just starting and organizing the San Angelo show. I'm taking 16 hours in school and working. Managing adult life is difficult, although I'm sure you knew that already! I also got a new puppy! She is a teacup maltese and her name is Addie. I have to brag about her to everyone. Between the cows, Addie, and my cat and the two Great Danes, I'm living in a zoo! I was going to include a picture of me showing Sophie at Autobahn with the picture in here, but (I know enough excuses) my printer ran out of Ink! Atleast I got one printed right?! Would love to hear back from yall!

Sincerely,  
Kaytlyn Brown
